6D LifeMode Group: Cozy Country Living Prairie Living

US Households: 1,323,200
Average Household Size: 2.51

Median Age: 44.4
Median Household Income: \$54,300

WHO ARE WE?

Prairie Living is Tapestry Segmentation's most rural market, comprising about 1.2 percent of households, located mainly in the Midwest, with a predominance of self-employed farmers. These agricultural communities are not diverse, dominated by married-couple families that own single-family dwellings and many vehicles. Median household income is similar to the US, and labor force participation is slightly higher. Faith is important to this hardworking market. When they find time to relax, they favor outdoor activities.

OUR NEIGHBORHOOD

- About four-fifths of households are owner occupied.
- Dominant household type is married-couples with no children.
- Most are single-family homes (87%) built before 1980; a higher proportion were built before 1940 (Index 218).
- Higher percentage of vacant housing units is at 16.5% (Index 146).
- Most households own 2 or 3 vehicles; this is the highest ranked market for owning 4 or more vehicles.

SOCIOECONOMIC TRAITS

- More than half have completed some college education or hold a degree.
- At 2.9%, the unemployment rate is almost less than half the US rate.
- Labor force participation rate slightly higher at 65%.
- Wage and salary income for 72% of households plus self-employment income for 23% (Index 217).
- Faith and religion are important to these residents.
- Tend to buy things when they need them, rather than when they want them or to be trendy.
- Somewhat resistant to new technology.
- Creatures of habit when purchasing food items.

AGE BY SEX (Esri data)

Median Age: 44.4 US: 38.2

■ Indicates US

RACE AND ETHNICITY (Esri data)

The Diversity Index summarizes racial and ethnic diversity. The index shows the likelihood that two persons, chosen at random from the same area, belong to different race or ethnic groups. The index ranges from 0 (no diversity) to 100 (complete diversity).

Diversity Index: 24.6 US: 64.0

INCOME AND NET WORTH

Net worth measures total household assets (homes, vehicles, investments, etc.) less any debts, secured (e.g., mortgages) or unsecured (credit cards). Household income and net worth are estimated by Esri.

Median Household Income

Median Net Worth

HOUSING

Median home value is displayed for markets that are primarily owner occupied; average rent is shown for renter-occupied markets. Tenure and home value are estimated by Esri. Housing type and average rent are from the Census Bureau's American Community Survey.

Typical Housing:
Single Family

Median Value:
\$139,800

US Median: \$207,300

AVERAGE HOUSEHOLD BUDGET INDEX

The index compares the average amount spent in this market's household budgets for housing, food, apparel, etc., to the average amount spent by all US households. An index of 100 is average. An index of 120 shows that average spending by consumers in this market is 20 percent above the national average. Consumer expenditures are estimated by Esri.

6D LifeMode Group: Cozy Country Living Prairie Living

Market Profile

- Many own a truck, riding lawn mower, and ATV/UTV and have a satellite dish.
- They purchased plants and seeds in the past year for their vegetable garden, where their tiller comes in handy.
- They favor banking in person, have noninterest checking accounts, invest in CDs (more than 6 months), and have term/whole life insurance.
- They are pet owners.
- Leisure activities include fishing, hunting, boating, camping, and attending country music concerts.
- Residents prefer to listen to faith and inspirational, as well as country music on the radio.
- They read the local newspaper as well as home service, and fishing/hunting magazines.
- They contribute to religious organizations and belong to religious clubs.
- Walmart is a favorite shopping stop; Subway is a favorite eating spot.

OCCUPATION BY EARNINGS

The five occupations with the highest number of workers in the market are displayed by median earnings. Data from the Census Bureau's American Community Survey.

6F LifeMode Group: Cozy Country Living Heartland Communities

US Households: 2,850,600
Average Household Size: 2.39

Median Age: 42.3
Median Household Income: \$42,400

WHO ARE WE?

Well settled and close-knit, Heartland Communities are semirural and semiretired. These older householders are primarily homeowners, and many have paid off their mortgages. Their children have moved away, but they have no plans to leave their homes. Their hearts are with the country; they embrace the slower pace of life here but actively participate in outdoor activities and community events. Traditional and patriotic, these residents support their local businesses, always buy American, and favor domestic driving vacations over foreign plane trips.

OUR NEIGHBORHOOD

- Rural communities or small towns are concentrated in the Midwest, from older Rustbelt cities to the Great Plains.
- Distribution of household types is comparable to the US, primarily (but not the majority) married couples, more with no children, and a slightly higher proportion of singles (Index 112) that reflects the aging of the population.
- Residents own modest, single-family homes built before 1970.
- They own one or two vehicles; commutes are short (Index 82).

SOCIOECONOMIC TRAITS

- Retirees in this market depress the average labor force participation rate to less than 60% (Index 94), but the unemployment rate is comparable to the US.
- More workers are white collar than blue collar; more skilled than unskilled.
- The rural economy of this market provides employment in the manufacturing, construction, utilities, healthcare, and agriculture industries.
- These are budget savvy consumers; they stick to brands they grew up with and know the price of goods they purchase. Buying American is important.
- Daily life is busy, but routine. Working on the weekends is not uncommon.
- Residents trust TV and newspapers more than any other media.
- Skeptical about their financial future, they stick to community banks and low-risk investments.

An index of 120 shows that average spending by consumers in this market is 20 percent above the national average. Consumer expenditures are estimated by Esri.

6F LifeMode Group: Cozy Country Living Heartland Communities

Market Profile

- Traditional in their ways, residents of Heartland Communities choose to bank and pay their bills in person and purchase insurance from an agent.
- Most have high-speed Internet access at home or on their cell phone but aren't ready to go paperless.
- Many residents have paid off their home mortgages but still hold auto loans and student loans. Interest checking accounts are common.
- To support their local community, residents participate in public activities.
- Home remodeling is not a priority, but homeowners do tackle necessary maintenance work on their cherished homes. They have invested in riding lawn mowers to maintain their larger yards.
- They enjoy country music and watch CMT.
- Motorcycling, hunting, and fishing are popular; walking is the main form of exercise.
- To get around these semirural communities, residents prefer domestic trucks or SUVs.

OCCUPATION BY EARNINGS

The five occupations with the highest number of workers in the market are displayed by median earnings. Data from the Census Bureau's American Community Survey.

12B LifeMode Group: Hometown Traditional Living

US Households: 2,395,200
Average Household Size: 2.51

Median Age: 35.5
Median Household Income: \$39,300

WHO ARE WE?

Residents in this segment live primarily in low-density, settled neighborhoods in the Midwest. The households are a mix of married-couple families and singles. Many families encompass two generations who have lived and worked in the community; their children are likely to follow suit. The manufacturing, retail trade, and health care sectors are the primary sources of employment for these residents. This is a younger market—beginning householders who are juggling the responsibilities of living on their own or a new marriage, while retaining their youthful interests in style and fun.

OUR NEIGHBORHOOD

- Married couples are the dominant household type, but fewer than expected from the younger age profile and fewer with children (Index 79); however, there are higher proportions of single-parent (Index 146) and single-person households (Index 112).
- Average household size is slightly lower at 2.51.
- Homes are primarily single family or duplexes in older neighborhoods, built before 1940 (Index 228).
- Most neighborhoods are located in lower-density urban clusters of metro areas throughout the Midwest and South.
- Average commuting time to work is very short (Index 22).
- Households have one or two vehicles.

SOCIOECONOMIC TRAITS

- Over 70% have completed high school or some college.
- Unemployment is higher at 7.3% (Index 134); labor force participation is also a bit higher at 63.4%.
- Almost three quarters of households derive income from wages and salaries, augmented by Supplemental Security Income (Index 139) and public assistance (Index 152).
- Cost-conscious consumers that are comfortable with brand loyalty, unless the price is too high.
- Connected and comfortable with the Internet, they are more likely to participate in online gaming or posting pics on social media.
- TV is seen as the most trusted media.

12B LifeMode Group: Hometown Traditional Living

Market Profile

- They shop for groceries at discount stores such as Walmart supercenters; Kmart is also a favorite for apparel and sundry household and personal care products.
- Convenience stores are commonly used for fuel or picking up incidentals like lottery tickets.
- They tend to carry credit card balances, have personal loans, and pay bills in person.
- Half of households have abandoned landlines for cell phones only.
- They watch their favorite channels including ABC Family, CMT, and Game Show Network.
- They're fast food devotees.
- They enjoy outdoor activities such as fishing and taking trips to the zoo.

OCCUPATION BY EARNINGS

The five occupations with the highest number of workers in the market are displayed by median earnings. Data from the Census Bureau's American Community Survey.

12C LifeMode Group: Hometown Small Town Simplicity

US Households: 2,305,700
Average Household Size: 2.26

Median Age: 40.8
Median Household Income: \$31,500

WHO ARE WE?

Small Town Simplicity includes young families and senior householders that are bound by community ties. The lifestyle is down-to-earth and semirural, with television for entertainment and news, and emphasis on convenience for both young parents and senior citizens. Residents embark on pursuits including online computer games, renting movies, indoor gardening, and rural activities like hunting and fishing. Since 1 in 4 households is below poverty level, residents also keep their finances simple—paying bills in person and avoiding debt.

OUR NEIGHBORHOOD

- They reside in small towns or semirural neighborhoods, mostly outside metropolitan areas.
- Homes are a mix of older single-family houses (61%), apartments, and mobile homes.
- Half of all homes are owner-occupied (Index 79).
- Median home value of \$92,300 is about half the US median.
- Average rent is \$639 (Index 62).
- This is an older market, with half of the householders aged 55 years or older, and predominantly single-person households (Index 139).

SOCIOECONOMIC TRAITS

- Education: 67% with high school diploma or some college.
- Unemployment higher at 7.7% (Index 141).
- Labor force participation lower at 52% (Index 83), which could result from lack of jobs or retirement.
- Income from wages and salaries (Index 83), Social Security (Index 133) or retirement (Index 106), increased by Supplemental Security Income (Index 183).
- Price-conscious consumers that shop accordingly, with coupons at discount centers.
- Connected, but not to the latest or greatest gadgets; keep their landlines.
- Community-orientated residents; more conservative than middle-of-the-road.
- Rely on television or newspapers to stay informed.

12C LifeMode Group: Hometown Small Town Simplicity

Market Profile

- Small Town Simplicity features a semirural lifestyle, complete with trucks and SUVs (domestic, of course), ATVs, and vegetable gardens.
- Residents enjoy outdoor activities like hunting and fishing as well as watching NASCAR and college football and basketball on TV.
- A large senior population visit doctors and health practitioners regularly.
- However, a largely single population favors convenience over cooking—frozen meals and fast food.
- Home improvement is not a priority, but vehicle maintenance is.

OCCUPATION BY EARNINGS

The five occupations with the highest number of workers in the market are displayed by median earnings. Data from the Census Bureau's American Community Survey.

5E LifeMode Group: GenXurban Midlife Constants

US Households: 3,068,400
Average Household Size: 2.31

Median Age: 47.0
Median Household Income: \$53,200

WHO ARE WE?

Midlife Constants residents are seniors, at or approaching retirement, with below average labor force participation and above average net worth. Although located in predominantly metropolitan areas, they live outside the central cities, in smaller communities. Their lifestyle is more country than urban. They are generous, but not spendthrifts.

OUR NEIGHBORHOOD

- Older homes (most built before 1980) found in the suburban periphery of smaller metropolitan markets.
- Primarily married couples, with a growing share of singles.
- Settled neighborhoods with slow rates of change and residents that have lived in the same house for years.
- Single-family homes, less than half still mortgaged, with a median home value of \$154,100 (Index 74).

SOCIOECONOMIC TRAITS

- Education: 63% have a high school diploma or some college.
- Unemployment is lower in this market at 4.7% (Index 86), but so is the labor force participation rate (Index 91).
- Almost 42% of households are receiving Social Security (Index 141); 27% also receive retirement income (Index 149).
- Traditional, not trendy; opt for convenience and comfort, not cutting-edge. Technology has its uses, but the bells and whistles are a bother.
- Attentive to price, but not at the expense of quality, they prefer to buy American and natural products.
- Radio and newspapers are the media of choice (after television).

About The Retail Coach®

The Retail Coach is a national retail recruitment and development firm that combines strategy, technology, and creative expertise to develop and deliver high-impact retail recruitment and development plans to local governments, chambers of commerce, economic development organizations and private developers.

Through its unique Retail360® Process, The Retail Coach offers a dynamic system of products and services that better enable communities to maximize their retail development potential.

Retail:360® Process

Providing more than simple data reports of psychographic and demographic trends, The Retail Coach goes well beyond other retail consulting and market research firms' offerings by combining current national and statewide demographics and trend data with real-world, "on-the-ground" information gathered through extensive visits to our clients' communities. Every community is different, and there is no "one size fits all" retail recruitment solution. Compiling the gathered data into client-tailored information packets that are uniquely designed for, and targeted to, specific retailers and restaurants who meet the community's needs help assure our clients that they are receiving the latest and best information for targeted retail recruitment efforts — all with personal service and coaching guidance that continues beyond the initial project scope and timeline.

Our Retail:360® Process assures that communities get timely, accurate and relevant information. Translating that data into the information that retailers need and seek assures our clients even better possibilities for tremendous retail growth and success.

The**RetailCoach**.®
